

Village of Millerton Fall Announcements

Leaf Pickup Begins

It's that time of year when we gather leaves for disposal. If you plan to dispose yours, kindly place leaves at the property line near the road and the Highway Department will dispose of them when they come through.

Homeowner Tip

You can decrease your indoor water use by

- Reducing water waste
- Upgrading to water efficient appliances
- Fixing leaks

Water Bill Schedule Reminder

Please keep in mind: the Village sends out water bills quarterly, at the beginnings of January, April, July and October.

WAIT
30 minutes

Check the toilet:

Put a few drops of food coloring in the tank and wait 30 minutes to see if the color appears in the bowl. If it does, the toilet might have a leaking flapper valve. Flapper valves are easy to install and are available at most hardware stores.

RETROFIT
your faucet

Check the bathroom sink:

To save water, retrofit your faucet with a low-flow aerator. They're inexpensive and easy to install.

UP TO 20%
savings

Check the bathtub and shower:

Replace old showerheads with WaterSense-labeled high-performance, high-efficiency models to save water.

Repairs and upgrades for FREE*:

The Rebuilding Together Dutchess County handyman program provides timely small-scale repairs FREE to *income qualified applicants who own and occupy a home in Dutchess County. (Household income less than 80%)
