

VILLAGE OF MILLERTON 2024 SPRING NEWSLETTER

150th Celebration of The Village of Millerton

We are excited to announce that the Village of Millerton will be celebrating its 150th anniversary! Join us as we honor the rich history July 5-12, 2025 with live music, local food, fun activities, and events all week long. Stay tuned for more details on the schedule and how you can get involved!

Townscape Sponsored Street Clean-Up

Join Townscape on April 20, 2024, 10 AM – 2 PM, for Street Clean-Up in Millerton. Check-in will kick off at the Millerton Farmer's Market at the Townscape table. Grab a friend, we'll provide the bags. Let's make a difference together.

Water Billing

Please be advised that residents are recommended to pay their water bill by April 30th to avoid having it levied on their tax bill. For all water billing questions, please contact the Village Hall at 518-789-4489 .

Water Meter Update

We are pleased to announce that the Millerton Water District is on the verge of completing its water meter installation project, with 437 out of 495 meters successfully installed. This milestone has been made possible thanks to the Water Infrastructure Improvement Grant, which has enabled us to replace obsolete water meters with modern units that can be read remotely. The new water meters not only enhance the efficiency of our water monitoring system but it also paves the way for billing by usage, which is anticipated to begin in 2024. This transition will provide a more accurate and fair billing system based on actual water consumption. Learn how to save thousands of gallons a year— and \$\$\$! Check out this helpful site for water conservation tips:

Brush Pick-Up

Brush pick-up is a service provided to Village of Millerton residents. Collections are generally completed within one week. If you have any questions about the contents or placement of brush please contact the Highway Department at 845-705-5732.

AWQR 2023

To comply with State regulations, Village of Millerton Water System, will be annually issuing a report describing the quality of your drinking water. The purpose of this report is to raise your understanding of drinking water and awareness of the need to protect our drinking water sources. Last year, your tap water met all State drinking water health standards. We are proud to report that our system did not violate a maximum contaminant level or any other water quality standard. This report provides an overview of last year's water quality. Included are details about where your water comes from, what it contains, and how it compares to State standards. To view this report, visit: <https://villageofmillerton-ny.gov/water-department/>

As much as **50 percent** of the water we use outdoors is wasted from inefficient watering methods and systems. Curb your water waste!
